**Fran Krause : Deep Dark Fears** before purchasing it in order to gage whether or not it would be worth my time, and all praised Deep Dark Fears:

I read them all in one day and put the book at place where I can see and hold everyday. I am Fran Krause's number one fan from China. I have been reading Fran Krause's comics for quite a long time. Checking his website to see if the comics updated has become a daily routine. There are dark fears deep in people's heart, but sometimes those fears are difficult to describe. Fran Krause is able to combine pictures and texts in a great way to tell the stories. I love his art, and I love those fears people submitted. The world he created in his comic is fantastic and intriguing. Thumbs up!0 of 0 people found the following review helpful. All of your friends will dieBy Millie KhouI gave this book to my friend that drunkenly told me, "Dude, I'm scared if I don't leave the Bay Area, I'm never going to leave." This was his Christmas present and he's already completed it, thanking me for the rad illustrations and for having new fears he never thought of.The world is scary, but I'm glad my

friend has a reminder of just how scary. 0 of 0 people found the following review helpful. A Random, Hilarious collection of realist and nonsensical fears that's well illustrated. By Sean This is a hilarious book, I keep it on my coffee table and suggest people turn to a random page to get a quick chuckle out of common or uncommon fears that make no sense, but sometimes you just think them up! Illustrated and random, I enjoyed it

A devilishly funny collection of comics that explores our most gruesome, hilarious, and bizarre fears - and the dangers lurking around every corner. We all have strange, irrational fears—from seeing ghosts in the bedroom mirror to being sucked into a mall escalator or finding yourself miles below the ocean's surface on the deck of a sunken ship. In *Deep Dark Fears*, animator, illustrator, and cartoonist Fran Krause brings these fears to life in 101 vividly illustrated comics inspired by his wildly popular web comic and based on real fears submitted by online readers. *Deep Dark Fears* reveals a primal part of our humanity and highlighting both our idiosyncrasies and our similarities.

New York Times Best Seller 2016 Eisner Award Nominee “The great thing about *Deep Dark Fears* is that you’ll find that you’re not the only one with arguably irrational fears; the downside is you’ll discover way more to be afraid of.” – Liz Prince, author of *Tomboy* and *Will You Still Love Me If I Wet the Bed?* “Fran Krause’s book confirms your worst fears, reminds you of fears you forgot you had, and gives you lots of new ones about things you hadn't even thought of yet. You would think that illustrating fears so beautifully would take the edge off of them, but it turns out that's not true. They are still deeply terrifying and great.” – Jon Klassen, author and illustrator of *I Want My Hat Back* and *This Is Not My Hat* “My deep dark fear, as I read this book, was that that on the very next page I'd see my own personal fear, vividly illustrated—I had a knot in my stomach, bracing myself for it! When I got to the end and didn't see it, I grew a whole new fear! Does no one share my deep dark fear? Fran Krause has tapped into the impossible space between you and the worst thing that could happen. Whatever lives in there deserves some company! Isn't it comforting to know there are things you never even thought to be afraid of? Well... you'll think to be afraid of them now.” – Rebecca Sugar, creator of Cartoon Network’s *Steven Universe* “*Deep Dark Fears* is a terrifying and funny treasury of secret, irrational fears we obsess over but are too embarrassed to admit. I can't imagine reading this book home alone at night without completely scaring myself to death.” – Yumi Sakugawa, author of *Your Illustrated Guide to Becoming One with the Universe*
