Chris Stone : Desktop Golf (Miniature Editions) before purchasing it in order to gage whether or not it would be worth my time, and all praised Desktop Golf (Miniature Editions):

You can't even get the ball out of the hole without turning it upside down and spilling all of the sand.It came packaged nicely but only including one ball is a mistake because its so easily lost.0 of 0 people found the following review helpful. Five StarsBy AylasreviewSo much fun playing tiny "mini" golf. Lots of laughs.4 of 4 people found the following review helpful. you cant get the ball outBy Sarah Kelseyonce the ball goes in the hole, you cant get it out because you have to flip it over...bet there is sand in the traps. we were able to mcgiver some tape ti get it ou eventually. but 100% impractical

Millions of golf enthusiasts and Tiger Woods fans daydream of being on the golf course while stuck at work. A perfect gift for Dad on Father's Day or anyone who loves golf, this kit will help relieve some of that cubicle-induced anxiety by allowing you to get in a quick round right on your desktop. Kit includes two golf balls, two clubs, a green felt fairway, a packet of sand, and a 32-page book of fun facts and the rules of the game.
