Mark E. Hostetler, Meryl Klein, Rebekah McClean : That Gunk on Your Car: A Unique Guide to Insects of the United States before purchasing it in order to gage whether or not it would be worth my time, and all praised That Gunk on Your Car: A Unique Guide to Insects of the United States:

1 of 1 people found the following review helpful. GunkBy Susanna DzejachokVery interesting book but more useful for those in southern states. Each insect has it's picture when alive and also the splat.0 of 0 people found the following review helpful. HilariousBy LeannaI love giving this for white elephant parties! It is a hilarious book and it is fun for the whole group.2 of 2 people found the following review helpful. The True Book for That Car SplatBy Elizabeth GunnMy eleven-year-old insect lover says, "I loved the pictures of the splat of the insect. Very Creative on 'Fun Stuff to Do with and Insect.'"

Scientifically sound and charmingly written, this guide to the bugs on your windshield is an unexpected delight. Includes weird and wonderful activities for kids of all ages.

.com That Gunk on Your Car is a seriously funny book filled with fascinating information about common insects, especially the ones you are most likely to find splattered on your windshield. Chapters are organized around the individual insects--ants, mosquitoes, grasshoppers, butterflies, crickets, midges--and include information on the natural

history and life cycles of each and fun things you can do with the insects. That Gunk on Your Car would be an excellent parent/child participatory book: the lively text is easy to read and scientifically accurate.
