Security and the Sleeping GuardBy K.HadleyThis book is excellent. I used to only get about 9 hours sleep a shift. Now, I fall asleep in the car on the way to work, sleep right through my shift, and have never felt better. I sleep so soundly, that even people breaking into the store I guard didnt wake me, and they cleaned the whole joint out! Even the desk I was sleeping on got stolen. Best money on a book Ive ever spent!
