The tunes to the nursery rhymes are catchy and easy on the ears for us adults! The lyrics and photos in the book are very creative and educational, yet fun! The book also comes with a glossary of Hawaiian terms with phonetic pronunciation, which is very helpful. I have purchased numerous copies of this as gifts for friends and family. Most recently I purchased one for the first grade and kindergarten teachers at my daughter's Ohio school. They were having a Hawaiian theme and the kids love it! The author personally signs the book when you order from this site, another plus which makes your gift more meaningful. 0 of 0 people found the following review helpful.
