Dan Indante : The Complete Ahole Dad: Random Musings of an Inappropriate Parent** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete A**hole Dad: Random Musings of an Inappropriate Parent:

0 of 0 people found the following review helpful. A@@hole Dad is pedestrianBy Hasso von RöetheOverall a decent

book but I think the author tries too hard to come across as something that he's not which gives a more or less contrived feel to the book. Still not bad and it had a (very) few funny bits. 0 of 0 people found the following review helpful. Five Stars By KGHysterical! 0 of 1 people found the following review helpful. Father Knows Best for 21st Century By Debra Kottke Finally someone has "the Sack" to tell it like it is. I read this book in two days and laughed all the way through. This should be a "must read" for couples planning to have children. I don't have children and don't want them, they're too sticky for me, so this book was my validation. I think Dan's wife is the unsung heroine here. I read and re-read Chernobyl about nine times and am in awe of her.

Dan Indante is an asshole. He also happens to be a father. In this hilarious, often touching, book, Indante gives the advice every parent secretly wants to hear: how to be an asshole, without truly screwing up your kids. The Baby Boomers had Dr. Spock, the Millennials are now stuck with The Complete A**Hole Dad, a viciously hysterical commentary on the state of parenting in the twenty-first century. Author Dan Indante, coauthor of the bestselling Complete A**Hole's Guide to Handling Chicks, has grown up and focused his sarcastic wit on the nearest and most innocent target—his children. Indante walks through nearly one hundred stories of his own parental incompetence while skewering the even greater incompetence of every father he's had the misfortune of coming across at PTA meetings, Little League baseball games, and tequila-fueled six year olds' birthday parties.

About the Author Dan Indante is the coauthor of the bestselling humor book The Complete A**hole's Guide to Handling Chicks. He lives in Los Angeles with his family.
